We agree to notify Drummond Group of all future changes to our transparency and disclosures language for this certified product-version.

We understand and agree that the ONC Health IT Certification Program Final Rule statement gives Drummond Group, as an ONC-ACB, the sole responsibility for ensuring compliance and determining appropriate consequences if EHR technology developers fail to divulge accurate transparency and disclosures information.

We understand and agree that we will provide to Drummond Group copies of, or give access to, all websites, marketing materials, communication statements, and other assertions made by our organization regarding the ONC certification status of this produce in a reasonable time to ensure the transparency and disclosures information is being accurately disclosed.

Costs or Fees
This certified product-version requires a one-time standard implementation fee, with subsequent annual subscription fees for reporting purposes. For the hospital measures, the subscription fee is per-measure-selected. For the ambulatory measures, the subscription fee is per-measure-selected and per-number-of-providers-selected. Additional fees may be required where the client requires customized data integration services.

Contractual Limitations
For this certified production-version, Mongo DB needs to be installed. This has no additional cost involved.

Technical or Practical Limitations
This product has no technical or practical imitations.
